

PRESSURE GAUGE

DPG-60 - DIGITAL PRESSURE GAUGE

Pressure Measurement
& Monitoring

FEATURES

- ✓ Large-screen LCD display
- ✓ High resolution 4-digit scale
- ✓ 5 types of pressure unit selection
- ✓ Micro-power saving mode
- ✓ User friendly, easy operation

DESCRIPTION

The DPG-60 digital pressure gauge used diffused silicon pressure sensor as the core pressure-sensitive components together with a low-power circuit. 9V battery-powered enable a very easy on-site installation. The intelligent digital pressure gauge flexible, user friendly, easy to debug, safe and reliable. Peak hold function allow to record the maximum pressure during the measurement value.

It is widely used in water and electricity, water, petroleum, chemical, mechanical, hydraulic and other industries on the pressure of the fluid medium measurement display.

TECHNICAL FEATURES

Dial Size	60mm
Mounting	Direct Bottom Mounting
Pressure Range	-1 to 60MPa (custom specific pressure range)
Connection	1/4" NPT (M) or 1/2" NPT (M)
Unit Selection	Psi / Bar / KPa / Kg/cm ² / MPa
Accuracy	±0.2% of Full Scale Value
Overload Capacity	±200%
Relative Humidity	≤80%
Ambient Temperature	-20 to 70°C
Medium Temperature	-20 to 50°C
Power Supply	9V battery
Display	LCD with 4-digit
Display Range	-1999 to 9999
Casing	ABS
